

IF YOU aren't feeling right up to snuff for this week-end, you had better take some vitamin pills or other builder-upper because the ensuing days are going to require stamina. Why, you might almost call this the week-end of the Big Openings. Which, if you know Palm Springs, means Big Parties.

ONE GLANCE at the book for tomorrow shows: Annual Advanced Fashion Showing and luncheon at the Racquet Club, event marking also the official opening of Charlie Farrell's famous play-place; Bullock's and Desmond's launch their new seasons with I. Magnin's, third of the big three to start activities as soon as El Mirador opens; Rogers' Ranch rounds off the day's festivities with a highly interesting gala opening dance and floor show, and will continue the fun with various features on Sunday. A brief breathing spell and then Tuesday sees the boys and girls start welcoming the Vaqueros and getting them primed for their "arduous" horseback trek into the hills across the valley. Yep, just a nice quiet week-end for the villagers who get around.

THINGS YOU NEVER tire of . . . that glorious freshness of the desert after a rain . . . like last Monday morning with a sky so deeply blue that you felt the rain had washed it—and you—clean and fine and new . . . (that pseudo-poetic effect was not intentional) . . . hearing little tales like that about Frank Bogert, who has been around this desert long enough to know how deep is sand, getting his station wagon stuck hard and fast in the stuff near Harris Posey's place . . . seeing the movie people back around having fun . . . like Robert Young pulling a little gag in front of Patterson's drug spot with Mrs. Young and Hazel Forbes Richman, and Don Amecche, one of our favorite movie men, entering the movie with Melba Bennett . . . Phil Reagan showing his family the town . . . running into a guy like this Frank Killduff, who is publicizing the Colonial House and other local spots, and who was born in our home town of Spokane, knew the Crosby boys, too (and he still does), and who has been around a lot in the latter years.

WE RATHER sympathize with the irate lady who called the airport four times last Monday and told Harry Taulbee, manager, and his assistant, Bill Bradley, that if something were not done about those noisy airplanes she was going to write to President Roosevelt. Of course, the two fliers in the speedy silver plane who whooshed right down on the building tops Monday morning and caused a few cases of near prostration as they roared across the town, probably were just trying to tell us how fortunate we are not to have that sort of thing occurring night and day, multiplied a hundred times over and with the more horrible dissonance of bursting bombs as accompaniment. But we think the navy people, for we are told they were navy planes, should tell their boys to spare us poor country people this sort of thing as long as they can. We have quite a bit to worry about as it is, and much as we love our boys in uniform, we would love them even more were they to do their air-crafting at places somewhat more distant from the village.

IT APPEARS to us that when God made the world and created good things and bad, he should have placed with the poisonous snakes and our pet anathemas, black widow spiders, the lowest living critter, the poisoner of dogs and cats. There is another of those cowardly murderers do-

Auto Accident Near Palm Springs Tuesday Brings Death to One Young Woman; Severely Injures Another

Tragedy rode at the wheel of an automobile bringing two young Los Angeles business women to Palm Springs for a visit Tuesday night with the result one was killed and the other severely injured in an auto accident. The young women, Irene Askham, 24, a stenographer, and Mary Courtin, 25, a beauty operator, had set out from Los Angeles about 4 o'clock in the afternoon, making a leisurely way to Palm Springs. Near the Palm Springs railroad station their car either had a blowout or swerved off the road to strike a shoulder, overturning and crushing them beneath.

AMBULANCE IS USED

The accident happened far outside the city but the local ambulance was rushed there by Police Sergeant Ludwig Braumoeller and Officer Jim Maynard. They found State Traffic Officers Gene Henderson and Charles Gandy already at the scene. Both young women were rushed by ambulance to the Hill-Oliver Clinic here. Miss Askham had been most terribly crushed beneath the

car. It had, in fact, to be lifted off her before she could be removed. Although she was given every possible medical aid she had been so badly injured her life could not be saved. She passed away shortly after midnight. Dr. James B. Oliver said she had suffered a brain injury, fractured vertebrae, crushed chest, and other injuries. Her

Animal Poisoner Is Being Sought By Authorities

REWARD IS POSTED IN BEHALF OF AROUSED OWNERS

Heartless poisoning of two canine and three or four feline pets of villagers last Saturday and Sunday in one section of the village and simultaneous endangering of the lives of small children who might accidentally come in contact with the poison carrying meats, aroused parents and pet owners to action this week.

One result was the posting of a \$175 reward at the police station by Ralph Nesmith, humane officer, in behalf of animal lovers here. The reward money was put up by persons who wish to remain anonymous. It is anticipated that this sum offered for information leading to the arrest and conviction of the poisoner will be considerably increased within the next few days.

Occur In Same Area

All the pets poisoned, with the exception of one dog, died last Saturday and Sunday at approximately the same time and were

Appoint New Head of Palm Springs Tuberculosis Group

Mrs. Maurice Libott has been appointed chairman of the Palm Springs branch of the Riverside County Tuberculosis Association, according to word received from Ernest G. Button, president of the county association.

She succeeds Mrs. Jack C. Hill, who has headed the local committee for several years. Before departing recently on a trip east, Mrs. Hill recommended the appointment of Mrs. Libott as her successor.

Mrs. Hill Lauded

"The tuberculosis association (Continued on Page Four)

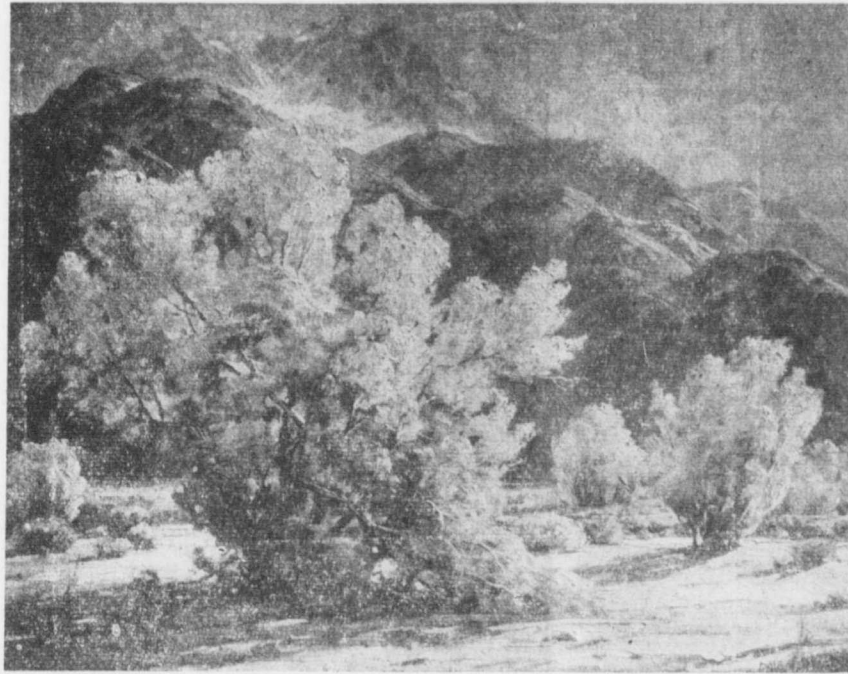

Bullock's Begins Thirteenth Season

One of the stores which has spread the fame of Palm Springs as a resort and sportswear apparel center, Bullock's handsome shop at the Desert Inn will open officially Saturday for its thirteenth season.

As is customary, there is the usual store sprucing up, in the way of redecoration, new furnishings and displays. There also are several alterations, most notable of which is arrangement for a women's western shop in the front of the store.

Harris Posey returns as manager for his third season. This will be the sixth year he has been with the Palm Springs shop. Helen McGonagle again will be in charge of the women's shop. Both hold executive posts with Bullock's in Los Angeles during the summer.

SMOKE TREES BENEATH MT. SAN JACINTO

Yet another phase of desert enticement is the subject of this painting by foremost desert artist Paul Grimm. The fragile beauty of smoke tree is shown against the rugged background of the mountain. Grimm next Monday will open his interesting new gallery on the Dr. While property across from the Desert Inn. The occasion also will celebrate the tenth anniversary of his residence in Palm Springs.

Brilliant Fashion Showing Tomorrow At Picturesque Racquet Club Will Inaugurate New Palm Springs Season

Spectacular opening of the Palm Springs social season and marking also the official beginning of the Racquet Club for its eighth season, the annual showing of Advanced Fashions, sponsored by the Palm Springs Chamber of Commerce, takes place tomorrow at the Racquet Club. From Charley Farrell, head of the famous club, came word reservations were well over the two hundred mark, exceeding those of last year.

The buffet luncheon will be served at 1 o'clock in colorful fashion around the pool where the fascinating show will be staged. There will be a variety of entertainment features.

Main attraction will be, of course, the fashion show to be presented by fifteen of Southern California's outstanding sportswear designers. Desmond's and Bullock's Palm Springs stores are cooperating in staging the event.

Wide Interest Shown

Showing the wide interest in the show is the fact leading magazines and metropolitan newspapers are sending their fashion experts and photographers to "cover" the affair. American Airlines is bringing here representatives from all the Los Angeles newspapers and the magazines. Already in town is Tom Kelley, one of America's leading fashion photographers, who will do both color and black and white work to be released to magazines and syndicates which do not send photographers.

Dorothy Campbell is handling general production of the show and the commenting while Farrell is arranging the special entertainment. Tickets are still available at the Chamber of Commerce, hotels and drug stores.

Gay Time Planned For Rogers Ranch Opening Saturday

It will be one of those bang-up affairs when visitors and villagers top off their big day of fashion show and other entertainment to help Trav Rogers celebrate tomorrow night the official opening of Rogers' Ranch, one of the most colorful of Palm Springs establishments.

While Rogers has his hands plenty full getting ready for the big annual Vaqueros ride which starts next Wednesday, he found sufficient time to arrange something special for this opening

(Continued on Last Page)

Smart Nobby Knit Shop Opens Today

A styles pace setter in Palm Springs, the Nobby Knit Shop in the Carnell building today launched its seventh season. Attractive Roma Marvin continues as manager of this store which features resort togs, play clothes and western things for the ladies. Mrs. Marvin is starting her sixth season with the shop. She will have assisting her this season Miss Dacey DeWitt.

Food Handlers Are Required to Have Health Permits

With establishment of procedure, one of Palm Springs' most important ordinances, that applying to health certification for all handlers of food, will be enforced henceforth, it was announced Wednesday by City Manager John Lange.

Information from his office says in part, "Procedure has recently been established for the handling of applications and issuance of health permits. This is an urgent matter and all food handlers, dishwashers, and others handling items intended for human consumption, must obtain permits."

(Continued on Page Four)

Paul Grimm Opens Fine New Gallery

Distinct embellishment to building on the main thoroughfare, a handsome new gallery is being completed for official opening next Monday by Paul Grimm, noted Palm Springs artist.

The stucco structure was designed by Architect John Porter Clark and constructed by Herbert Foster. It is located just south of the Foster offices on the Dr. F. M. White property across from the Desert Inn.

Opening of his new gallery marks Grimm's tenth anniversary of residence here. He and his charming wife, Tillie, one of the town's most expert horsewomen, have a wide circle of friends.

The gallery contains a large main exhibit room, a smaller private gallery in the rear and a studio for the artist.

Wertheimer Does Kitchen Duty at County Road Camp

Far cry it is from supervising owner of a swank night club to kitchen duty in a county road camp, but that was the change made this week by Al Wertheimer, for many years operator of the Dunes Club near here.

Convicted of gambling charges, Wertheimer was sentenced to serve four months in the road camp and pay an \$800 fine. At first confined at the county hospital detention ward because of poor health he was transferred on Wednesday of this week to the road camp near Banning. There he has been assigned to kitchen duties.

Fire at Hotel Is Quelled in Jig Time Thursday A. M.

Responding to call with its usual dispatch the Palm Springs fire department extinguished a blaze at the Hotel Oasis yesterday morning which might easily have developed into a major conflagration.

The fire started from a gas heater in the store room near the kitchen of the beautiful hostelry, according to Fire Chief Bill Leonessio. It had been burning sufficiently long to flare up from the roof before discovered and reported, by Hal Evans and Harvey Nesbitt. Had the blaze made much further headway it might easily have swept to other buildings. As it was it was extinguished in a few hours. Damage was estimated at approximately \$1,000.

Building Permit Cases Are Tried Here With Resultant Convictions; Walkerdine Case Is Set For Trial

Failure to obtain building permits for construction of buildings on Indian lands resulted in convictions and fines in half a dozen cases tried in Palm Springs city court this week. The cases are of great importance because the question of local jurisdiction on the reservation has been on test for many months.

The local trials reflect outcome of the recent superior court decision at Riverside denying writ of prohibition asked by defendants in the first test case. This was the case of Dr. S. H. Walkerdine, prominent veterinarian, and three carpenters who worked on the animal hospital he started to erect last spring.

Dr. Walkerdine and Campbell M. McGhee, one of the other de-

Chi Chi Gets Ready To Start New Season Friday of Next Week

With various improvements being completed this week the popular Chi Chi on North Palm Canyon Drive will be ready to start its new season Friday of next week, it was announced by Irwin Schulman, the owner. In the last three years Schulman has made numerous additions and changes which have developed the Chi Chi into one of the town's most attractive cafe and cocktail places.

Hundred Handsome, Husky Horsemen Ride From Palm Springs Wednesday On Vaqueros Del Desierto Journey

Providing all goes well, as it has in past years, and going away parties of Tuesday night do not effect too heavy a toll, approximately 100 gentlemen from all parts of the country will ride out from Rogers' Ranch early Wednesday morning on a truly romantic horseback venture. It will be the start of the annual Vaqueros Del Desierto ride. The finish comes on Sunday afternoon.

Distinguished men of business from California, the West and the East, as well as movie, stage and radio celebrities will participate in the ride this year. Col. Cliff Meade, president of the Vaqueros,

will lead the long column as it starts out. **Gorgeous Country** The ride will take the Vaqueros across the valley to Whitewater (Continued on Page Four)

Palm Springs Has Ample Materials For Normal Building, Officials Say

RESIDENTIAL CONSTRUCTION CAN PROCEED AT ORDINARY TREND, EXPERTS EMPHASIZE

Construction in Palm Springs can go ahead as normal this season because there are sufficient building materials now on hand, or ready for delivery, with the exception of one or two items, to insure such building during the coming months. This was the reassuring word this week from local officials, building materials concerns, contractors and architects. Probably the only important factor which may prevent building figures from equaling or topping those of last year is that there may be delay in delivery of some materials, according to Charles Burket, city building inspector.

Council Agrees to Lease Portion of Airport to Army

Lease by the Army Air Corps of a portion of the Palm Springs new municipal airport to be established on section 18 was approved by the city council at a special meeting Monday afternoon at the council chambers.

The lease is for 10 years or duration of the period of national emergency. It yet must have final acceptance by the Army Air Corps officials.

The Army expects to use the southerly side of the field for Air Corps purposes but it will also have charge of the control tower. One result of service use will be that only ships which have two-way radios, both commercial and private, will be permitted to utilize the field.

Preliminaries Speeded

Specifications and plans for the new air field are now being pre-

(Continued on Last Page)

ENCOURAGING REPORT From Clarence Hyde, manager of the Palm Springs Builders' Supply came a comprehensive and encouraging report.

"We have more lumber on hand than we have had in the past six months and the supply is increasing day by day," said Hyde. "We are definitely assured of a future stock ample to take care of any normal building needs. Thus far we have had all steel products necessary for residential work. However, we do anticipate that from now on it will be almost impossible to obtain the steel reinforcing we may need. In Los Angeles they are using steel channel in place of it. This is a little more expensive but we can obtain it."

Plenty of Cement

"Cement is plentiful at a price just slightly higher than that of the low peak for the last four years. There is plenty of plaster and plaster board lathe on hand. These are available at no price increase whatsoever. In fact the

Chamber Directors Vote \$400 To Stage Motor Boat Regatta

To help finance the presentation of the Third Annual Salton Sea Championship Regatta to be held at Date Palm Beach on the Salton Sea October 25 to 28, directors of the Palm Springs Chamber of Commerce Monday morning voted to appropriate \$400.

Three representatives from the (Continued on Last Page)

Desmond's Store Finely Improved

Greatly increased in size for the new season is Desmond's Desert Store in the Plaza which opens for the new season tomorrow, Saturday.

With the completion of a new building, 35 feet by 60 feet in the patio back of the store and the removal there of all service for the store, the women's section has been virtually doubled in size. It is being done over most interestingly in desert colors of green, lavender, coral and other shades. Gene Burke of Burke & Kober, store designers, who do such work for Desmond's stores, has been down to plan and supervise the work.

This is the sixth season for the Desmond shop in Palm Springs. Hinkle, who has been with the store since its start, returns as manager, a post he has held for the past four or five seasons. Dorothy Gray is in charge of the women's shop as formerly, also.

Water Company Is Oldest Utility In Palm Springs

By far the oldest utility and one of the oldest businesses in Palm Springs is the local water company, which got its start back in February, 1887, when the name John J. McCallum was something to conjure with. Important name too in the history of the water company was that of Welwood Murray, another pioneer.

On February 1, 1887, the Palm Valley Water Company was incorporated with McCallum, father of Mrs. Austin McManus, as president. According to early records the original capitalization was for \$600,000, consisting of 6,000 shares with a value of a hundred dollars each. McCallum, the records show, was issued 1,365 shares.

The company kept doing business under the old name until after Alvah Hicks and other stockholders including John Holditch, took over. Hicks became president and Holditch, secretary, treasurer and active manager. It was in 1929 that the name was changed to Palm Springs Water Company.

After being established for many years on Palm Canyon Drive near the corner of Andreas Road, the water company moved last July to a spacious, new building on North Palm Canyon Drive just above Tamarisk.

Manager Holditch reported that there is an appreciable increase in connections this fall, continuing the steady growth of the past years.

In the water company offices this season are Bernice Guild, who has been Holditch's secretary since 1929, Undine Lafayette, who has been at the offices since 1937, and Virginia Curtis, who joined the staff at the end of last season.

Ted Griffith, foreman, has been with the company since October 1, 1927. Other regular employees are R. G. Gray, Robert Bagwell and S. M. Sullivan.

Cross Has More Important Post At Lake Arrowhead

President of the Palm Springs Realty Board last year and for many seasons an active real estate broker of the village, William J. "Bill" Cross came down off his high perch at Lake Arrowhead the first of this week to renew acquaintance with friends and take care of some business.

Cross, who has handled the Nichols properties for several seasons and before that was associated with Harold Hicks, is now the broker representing the Lake Arrowhead Corporation at Lake Arrowhead. His present plans call for spending part of his time at the mountain resort and some of it in Palm Springs during the winter season.

Colonial House Features Top Entertainment

In keeping with her entertainment policy of "Spare no expense—give them the best," Mrs. Thelma Wertheimer, managing director of the Colonial House has announced the engagement of Arthur Herbert and Felix DeCola for the opening of the smart new Crest Room at the Colonial House, Saturday.

Herbert, long a favorite of New York "cave society" has just completed a record engagement at Gotham's swank El Morocco. He has also had the honor of being soloist with Pershing's Band in Washington, D. C., and featured in several Fred Astaire musicals.

DeCola, pianist-composer, comes from Cape Town, Africa, studied music in England and Germany. He has settled in Hollywood where he numbers among his pupils many prominent film personalities.

Novel Routine

Especially interesting is his "Lend Me Your Name" routine in which DeCola improvises a musical portrait of your personality through the use of the musical letters in your name.

The Crest Room is adorned with replicas of historical crests of old England's cities and colleges. Its atmosphere is both continental and intimate.

The Colonial House Dining Room has been completely remodeled and enlarged. Mrs. Wertheimer has engaged the popular Victor, who is world famous with the "Who's Who" and his "Dunes" steaks.

Celebs at Opening

As usual, celebrities from social, film and radio circles have accepted Mrs. Wertheimer's invitation to attend the opening Saturday afternoon at five-thirty. Among them are Mr. and Mrs. Cliff Broughton, Howard Hughes, Greg Bautzer, Mr. and Mrs. Bill Jones, Bill Morrow, Mr. and Mrs. Edward Beloin, Mr. and Mrs. Charles Vanda, Mr. and Mrs. Danker, Mr. and Mrs. Charles Morrison, Harvey Priestner, Arnold Kunody, Vic Orsatti, Phil Reagan, Viscountess Kimberly, Fred Brisson, Rosiland Russell, and Bentley Ryan.

British oil experts estimate that Nazi armed forces are now using 80,000,000 gallons of petroleum products a month.

Hartford Service Provides Village Unique Business

Having as its primary purpose to act as a clearing house for all Palm Springs reservations made by individual travel agents, the Hartford Service has just been established with offices at 439 N. Palm Canyon Drive.

A new and different type of business, Hartford Service is a partnership of Mr. and Mrs. G. F. Holt-Hartford. Mrs. Holt-Hartford is the former Ruth Trowbridge, owner of the Desert Book Shop.

Preparing for their unusual venture, Mr. and Mrs. Holt-Hartford spent June, July and August of this year making a 14,000-mile automobile tour of the United States, visiting all principal cities and personally interviewing about 600 agents. The purpose was to sell them the use of Hartford Service. They reported their success, although logical to expect, exceeded expectations.

Welcome Guests

Besides the other purposes already mentioned, Hartford Service will act as a branch office of all independent travel agents, according to the partners. They also plan to meet all trains (planes also when regular Palm Springs service is established).

Arriving guests will have been instructed to seek the firm's booth which will be plainly visible on either station platform or airport. The service offices will be at the disposal of all guests arriving through the services of a travel agent using the service.

The use of Hartford Service will in all cases save the travel agent time, money or both, it is pointed out. It will also enable the independent travel agent to compete favorably with American Express or Cooks who, while they do not maintain offices here, do so in most places—thus giving the traveler the feeling of security which most appreciate.

Advantages to Hotels

Among advantages to hotels, it is stated, is saving them the greater part of the money that they would ordinarily spend on wires accepting or rejecting reservations and relieving them to a large degree of their worry regarding experience, knowledge and efficiency of their clerks.

Hartford Service also maintains a real estate department to handle the renting, leasing or purchase of homes. It will be representative of several leading commercial and domestic employment agencies in Los Angeles and through the use of teletype, facilitate filling requests for office help or home servants.

Resort Editor Sees Splendid Season

That Palm Springs is due for an unusually good season is the considered opinion of S. N. Van Wormer, resort and travel editor of the Los Angeles Evening Herald-Express, who was a visitor here the first of the week.

But much depends on how this city bids for travel business, Van Wormer contends. It is his strong belief that Palm Springs should spend far more advertising money in the Los Angeles newspapers than it has, and devote less to Eastern magazines.

Says Van Wormer, "After all, the All-Year Club advertising brings hundreds of thousands of visitors to Southern California each year. It seems to me Palm Springs' best bet is to place advertising right on the spot where all those tourists have been brought together and are easily reached." The resort editor stayed at the Desert Retreat during his visit.

Anniversary Dinner For McKinneys

Celebrating their thirty-eighth wedding anniversary, Mr. and Mrs. O. S. McKinney entertained with a delicious fried chicken dinner, Tuesday evening, at the Tahquitz Cafe, formerly the Nite Spot.

Spending the evening together were Mr. and Mrs. O. S. McKinney, Mr. and Mrs. Roy Lee, Mr. and Mrs. Rudolph Harman, Mrs. Irene Riggins of Banning, Mrs. Burl Duncan and three small daughters of Banning, Mrs. Duncan is a daughter of Mr. and Mrs. McKinney. Also attending were Mr. and Mrs. Willard McKinney, Eldon and Don McKinney.

The great Aurora just a stratosphere "Strip Tease." Lots of queer ideas about what makes the spectacular northern lights, but they're only the sun tearing the clothes off of atmospheric atoms miles over our heads. Don't miss this popular science article in The American Weekly, the magazine distributed with next week's LOS ANGELES EXAMINER. hrs

City Growth Is Shown by Power Company Records

Always one of the soundest indicators of a community's growth is the business expansion of a utility such as the California Electric Power Company, which has served Palm Springs since 1923. Thus far, with the season just under way, it has become apparent that there will be a reasonable increase in population, judging by the larger number of places using the power company's service, according to Francis Crocker, Palm Springs manager.

Crocker emphasized too that one of the most notable aspects concerning both this season and last is that the people who make up the city proper have been and are coming here so much earlier than formerly.

Two Long Extensions

The power company this summer completed two large extensions of service into nearby territory. One of these was a four and one-half mile extension from the B-Bar-H Ranch to Desert Hot Springs, the growing community across the valley. The other was a four-mile extension to the beautiful estate which H. H. Bennett, Ford motor company executive, is creating east of B-Bar-H Ranch.

The power company personnel remains much the same this year as last. Heading the organization is Crocker, who came to Palm Springs to take over the local managerial post in August, 1932.

In the office are Doritz Kreimer, chief cashier; Nola Hauptley, district home economist; Frances La Rue and Dixie Croft, cashiers; Walter Somerville, in charge of new business; Wm. McCulloch, district salesman; Frank Doro, service foreman; Elly Windhurst, service man; Earl Maloney, service man and Paul Campbell, ground man.

An interesting sidelight on the power company staff is that nearly all of the members own their own homes here.

Mrs. Reginald Barker of Hollywood arrived in the village from Hollywood to spend the winter with her son, Norman Geiger. Geiger is assisting Johnny Gates at the Gates Nut Kettle.

CHRISTIAN SCIENCE CHURCHES

"Doctrine of Atonement" is the subject of the Lesson-Sermon on Sunday in all Churches of Christ, Scientist. The Golden Text is from 1 Timothy: "There is one God, and the man Christ Jesus; who gave himself a ransom for all, to be testified in due time."

The Lesson-Sermon includes these words from Luke: "And in the synagogue there was a man, which had a spirit of an unclean devil, and cried out with a loud voice, saying, Let us alone; what have we to do with thee, thou Jesus of Nazareth? . . . and Jesus rebuked him, saying, Hold thy peace, and come out of him. And when the devil had thrown him in the midst, he came out of him, and hurt him not. And they were all amazed, and spake among themselves, saying, What a word is this! for with authority and power, he commandeth the unclean spirits, and they come out. . . . Now when the sun was setting, all they that had any sick with divers diseases brought them unto him; and he laid his hands on every one of them, and healed them."

Among the passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, are the statements: "In witness of his divine commission, he presented the proof that Life, Truth, and Love heal the sick and the sinning, and triumph over death through Mind, not matter. This was the highest proof he could have offered of divine Love."

Shop of Charm in Seventh Season

Recently opened for its seventh season, the Shop of Charm in No. 4 Carnell building has always been one of Palm Springs' most intriguing shops. Owned and operated by Madame Levin it features fascinating jewelry of precious and semi-precious stones, silver and antiques of many kinds from various parts of the world.

Mrs. Rosalind Wilson, who will be at the shop as manager, is returning Tuesday of next week from an extensive buying trip in New York. She has spent considerable time carefully selecting a choice stock of jewelry and silver to amplify the already large stock.

Assisting Mrs. Levin at the store this year also is Mrs. Evelyn Frost, wife of Paul Frost, Palm Springs' first mail carrier.

Mrs. Levin spent a pleasant summer at Santa Monica.

Famous last words — "Let's walk in the middle of the highway where everybody can see us."

Mother Dies in Saginaw, Michigan

Mrs. Minnie Trumble, mother of Mrs. Helen McGonagle, head of the women's shop at Bullock's, died Sunday night in Saginaw, Michigan, her daughter was greatly saddened to learn by wire, Monday morning. Mrs. Trumble lived at Reese, Michigan. Funeral services were held Wednesday.

Correcting A False Rumor

There is no shortage of essential building materials in Palm Springs

There is a rumor rampant in the village to the effect there is a local shortage of building materials, and that, therefore, it is out of the question to plan any new construction during the coming season. This rumor is FALSE!

We have on hand a larger stock than ever of LUMBER, CEMENT, SAND, GRAVEL, ROOFING, GLASS, PAINT, and other basic building materials, with the prospect of getting more when it is needed. Our present supply, together with what we have on order, is enough to take care of all normal building requirements during the coming season.

It is absolutely safe for you to start construction of that new desert home now! We can supply you with all the necessary materials.

Racquet Club Shop Opens Again With Ernie Fors at Helm

Intriguing little shop which features some of the most exclusive things in the town, the Racquet Club Shop this week started off the new season with likable Ernie Fors continuing in charge. This is Fors' ninth season in the village and as usual, he is filled with the good old Fors optimism and enthusiasm about season prospects.

The shop features exclusive merchandise tailored exclusively for the Racquet Club in Hollywood, New York, England and Scotland. There are, of course, full lines of racquets and tennis supplies.

Ernie and Emma Mae Fors are living at the Desert Moon bungalows this season.

That Amiable Hombre From Mexico—He Es Back Here Again!

Any people around town who have a yen for fine leather sandals from Mexico can toss away their last year's models because Arturo is in town once again. Arturo is a prankish gentleman from old Mexico—many years ago—who operates the Pedro and Arturo shop at 247 North Palm Canyon Drive and who occasionally runs quaint little ads in this newspaper which attract mucho attention by reason of their lingo.

This year Arturo reports that his lazy partner, Pedro, who usually could be espied lying around lazily in the front of the store, has enlisted for a year in the Mexican army. But rumor has it that Pedro is still around.

This is Arturo's fifth season in Palm Springs. He operated his other shop at Catalina during the summer.

Both Weatherall Boys in the Army

Neil Weatherall paid a flying visit to his parents, Rev. and Mrs. B. B. Weatherall, Thursday of this week, returning on Friday to Oakland, where he has held a position in the loans department of the Bank of San Francisco since his graduation from the University of California over a year ago. He will be inducted into the army on Monday.

The two Weatherall brothers will then be in the army, Campbell having been stationed with the 13th Engineers at Fort Ord since last January.

Animal Poisoner . .

(Continued from First Page)
reported from the same area. It is believed the poisoner put out the tainted meat some time between 12 o'clock at night and 3 o'clock in the morning.

First cases, deaths of three or four cats, were reported Saturday. On Saturday night R. M. Wallace of the Desert Refrigeration on North Palm Canyon Drive, returned to his living quarters there and let out his big black shepherd dog for a few minutes. The dog returned and began to writhe in convulsions. Wallace rushed him to Dr. S. H. Walkerdine who gave him prompt treatment and saved his life. Dr. Walkerdine reported the poisoning unquestionably was strychnine.

Most pathetic case of all was the poisoning Saturday night of "Tip," the beautiful big collie owned by Mr. and Mrs. Florian Boyd and the beloved pet of their son.

Unable to Save

The Boyds permitted the dog, which seldom went far from their home in the Merito Vista tract, to go out Saturday night. Sunday morning Boyd found the fine animal pitifully trying to attract attention at the door. "Tip" was rushed immediately to Dr. Clare W. Pritchard. But the poison had done its deadly work and despite all expert effort, the animal could not be saved.

The Boyds were deeply saddened and have been foremost among villagers seeking to put a quick stop to the poisoning menace.

Police are cooperating with Humane Officer Nesmith in the cases.

It is emphasized by Nesmith that the strychnine-laden meat is a distinct menace to small children as well as to animals. Tiny youngsters might be attracted by the pieces of red meat, touch them and then their fingers to their mouths, thus carrying enough of the poison into their systems to cause death.

PARTY OUT JOHN OUTCAULT

Celebrating the birthday of her son, John, Mrs. R. F. Outcault entertained with a supper party Saturday evening. Games and cards were enjoyed after the supper.

The following young boys gathered at the Outcault home for the occasion: Don Sorum, Don Omlin, Lyman Lambeth, Bob Lienau, Jamie Seaton, Ernest Tomkins and Warner Moore.

GUILD MEETS WITH MISS McCALLUM

Miss Helen McCallum has invited the Guild members of the Episcopal Mission to her home at 217 Ocotillo for their next meeting. The meeting will be held Tuesday, October 21 at 1 o'clock.

ALMOST 700,000 strong! — the largest girls' volunteer organization in the country! — working now to help National Defense . . . that's what Girl Scouting means to every American citizen. And the Girl Scouts of Palm Springs are a growing part of this great youth movement. Help support them in your town.

C-Circle-B Boys Start Season With Hallowe'en Party

There will be fun aplenty for the forty or so lads who comprise the membership of the C-Circle-B club on Hallowe'en night. Instead of utilizing the witching hours with the usual pranks the boys will enjoy a big barbecue party as the opening event of their new season at the A. and F. Stables, formerly Buckskin Stables, on East Ramon Road.

According to Jack Best, who organized this interesting club for boys of from nine to twelve years of age last season to replace the Cub Scout organization here, the boys are anxious to begin their activities and are planning on the Hallowe'en night event pretty heavily. He reported that Mr. and Mrs. Fred Von Drott, who operate the stables, will cooperate as they did so often last season, by furnishing barbecue fire, materials and other necessities for the party, as well as the locale.

A considerable number of men are included as honorary members of the club. They include Mayor Phil Boyd, Culver Nichols, Police Sergeant Ludwig Braumoeller, Harold Barkow and Max Vaucher.

Connell Purchases Attractive Home

J. M. Connell, prominent member of the Palm Springs Union High School District board, recently purchased for his family the fine residence built by Mrs. Annie Plymire and Miss Jennie Lawson at the corner of Ramon Road and Vista de Oro in Indian Trail tract.

Connell has been in the sheet metal business in Palm Springs for a number of years, as well as selling and installing Payne furnaces.

Katherine "Polly" Pollak represented all parties in the transaction.

Altar Society Meets Monday

To discuss activities for the coming season, the first meeting of the Altar Society of the Catholic church will be held Monday, October 20.

As in years past, these meetings are held at the church rectory at 3:30 in the afternoon. All ladies of the parish are invited and urged to attend this meeting.

BUY HOME HERE

Mr. and Mrs. Milton Friendly of Beverly Hills who have spent the past several seasons here have now purchased a home which they will occupy this season.

A lizard's tail is most valuable to him after it is detached. The tail wiggles about to attract the enemy, and the lizard escapes.

Dr. Oliver Returns To Busy Days With Dr. Jack Hill Away

Barely returned from his summer headquarters in Balboa Island, Dr. James B. Oliver was called upon to hold down the fort alone at the Hill-Oliver Clinic when Dr. Jack C. Hill went east last week to do some post-graduate work at the International Medical Conference in Minneapolis. He is expected to return the latter part of the month.

Dr. and Mrs. Oliver and their two children came back to the village a week or two ago from Balboa Island where they had spent their seventh season. This is their eighth in Palm Springs. Dr. Oliver is one of the most capable and popular medical men in Palm Springs.

Views and News . .

(Continued from First Page)
ing his despicable work in the town again. Two dog pets and three cats were his first prey. Animal owners and lovers have caused Humane Officer Ralph Nesmith to post a considerable reward for information leading to the arrest of the poisoner. Police are cooperating to the fullest extent. We expect it will go pretty tough with the lad when they catch up with him. We certainly hope so.

THIS housewife was in the office Wednesday and she was very jubilant about the fact deer season was ending that day. "With that out of the way, perhaps we can get something done around our place," she said. "Why, that husband of mine has been out deer hunting about five days out of the seven. I've even had to hire people to do some of the work. But now everything is going to be all right." We glanced at the calendar and started to say something to the lady, but thought better of it. She would find out soon enough that duck hunting season began Thursday.

AND speaking of hunting, we happened on a noteworthy item the other day at Mills Liquor Store. It's special canned food for hunters. Beans, spaghetti, such things. Most of the can is filled with the food. But at one end is inflammable material. All you have to do is punch a couple holes in the burning end, set the can upright and go about something else for fifteen minutes or so. When you return to the can the food is all nicely warmed up. Neat idea, wot?

CHRISTIAN SCIENCE PROGRAM ON AIR OCTOBER 19

A Christian Science program may be heard over the Columbia West Coast Church of the Air Sunday, October 19. The program will be in charge of Floyd C. Shank, Christian Science Committee on Publication for Northern California and will be broadcast over station KNX from 8 to 8:30 a. m.

The Soviet Union imports few raw food materials, notable import items being cocoa and copra for the vegetable oil industry.

Al Taylor Does Camera Shooting In Canada Wilds

While many Palm Springs people have been taking advantage of the various hunting seasons to bag deer, dove and now duck, the Al Taylors did some excellent hunting in Canada with a camera a few weeks ago.

Mr. and Mrs. Taylor returned recently after a six weeks trip into the Northwest, spending considerable time in British Columbia where they obtained some stunning camera shots of wild sheep and other game.

These will be shown any villagers who desire to see them at Al's Camera Shop in the Royal Palms Hotel building. The pictures are in color. The Taylors also visited Bryce Canyon in Utah and other places of scenic interest. They spent the early part of the summer in Big Bear. This is Taylor's sixth season of operation of the camera shop.

Travels From Snow to Sand

It was the pleasant experience of Jimmy Campbell, veteran villager, to leave a snow storm in North Dakota last week and arrive in the warm sunshine of Palm Springs Wednesday of this week.

Campbell, notary public and public stenographer here for many seasons, spent two months in the grain harvest in North Dakota. More important, during the past summer he found time to make an exhaustive study of the new income tax laws with a view of assisting persons in filing both federal and state returns.

WAR HOVERS NEAR

We are not at war, as yet—not in the sense of a formal declaration. But we are awfully near. That no one can dispute. We have declared our intention to sink any U-boat or raider found hovering in our waters. And our waters take in all the sea between New York and Iceland. We have laid the law down, too, to Japan. And no one knows as yet just how that will turn out. We don't need to be war-mongers to admit all this; we just need to be realists. None of us wants war if it can be avoided; we want nothing more than peace. But the fuse has been lit. And all we can do is to hope and pray that it sputters out before it reaches the powder keg.

THE GUN BEHIND THE DOOR

President William Green of the American Federation of Labor gave good but belated advice to all organized labor when he said before delegates to the AFL national convention in Seattle that labor should voluntarily forgo the strike as a weapon for the duration of the national emergency. Terming the right to strike "labor's biggest gun" and declaring "we will not surrender it to anyone," Green added that "we are willing to leave it behind the door temporarily." It is possible that advice was motivated by current evidences of public opinion.

To expediate defense, industry generally has long since voluntarily surrendered rights fully as fundamental and vital to industrial survival as the strike is vital to labor—such as the right of free enterprise in respecting priorities, such as property rights in yielding control of physical plants and materials to defense authorities. But with industry thus voluntarily disarmed, some labor leaders have redoubled the use of strikes to force union organization, to wage labor's civil wars, to force the public into submission.

It is reasonable to assume that the reactions of the public against such manifestations are bringing intelligent labor leaders to realize that "big gun" behind the door, a bigger gun of resistless power may be hauled "from behind the door" in indignant retaliation—the Big Bertha of public opinion.

MASTER OF DREAMS

One recent night a California opera company entertained an audience in Portland with Wagner's "Tannhauser." The same night, a special performance of "Tannhauser" was given with much fanfare in Berlin, the Nazi critics interpreting the masterpiece as "symbolic of Germany's present struggle."

The same music—but what a difference of interpretation! In Portland, an Oregon audience with artists from California were drawn together by nothing symbolic racially or politically—only by mutual love for the beauty in music. No one cared that the title role was sung by Lauritz Melchior, a Dane, and other stars were Stella Roman, a Rumanian, Karin Branzell, a Swede, Lorenzo Alvary, a Hungarian, Julius Huehn, an American, with Erich Leinsdorf, a German, conducting. That is in the cultural tradition of cosmopolitan, tolerant America, in her swift young life welcoming everything in music from the scrape of the frontier dance-hall fiddles through the soft stringed serenades of the Spanish dons to the operas and philharmonic concerts of today.

Wagner died in 1883; and when the news reached King Ludwig of Bavaria, the king rode alone at dead of a winter night to pay his last tribute to the man he called the master of his world of dreams. That interpretation of Wagner is the interpretation this country's music lovers understand.

BEAUTY, BEANS AND BATTLESHIPS

With a head-shaking manner of admonition, the U. S. census bureau announces that the wives and sweethearts of America spend \$800,000,000 yearly to keep pretty—enough to build ten battleships. That cosmetics expenditure is \$16 per capita for all women over 16—and the nation's food bill is but \$77 per capita.

Well—so what? This taxed, harried, war-menaced nation needs the cheer and inspiration of feminine beauty as badly as it will ever need ten extra battleships. As for the per capita cosmetics bill being one-fifth of the nation's per capita food bill—again, so what? The dieticians say we eat too much as it is. We're buying the beans and the battleships anyway—and we'll gladly buy beauty, too!

Christmas Stamps Arrive; To Go on Sale November 24

Four and a half million 1941 tuberculosis Christmas seals have arrived at the office of the Riverside County Tuberculosis Association, according to Ernest G. Button, president of the organization.

The seals will be placed on sale for one month throughout the county beginning November 24. Besides decorating Christmas letters and packages, the gaily colored seals provide the funds to carry out the anti-tuberculosis program of the association.

This year's seal, according to Button, pictures a typical light-house and is painted in rich, glowing colors. It was designed by Stevan Dohanos, well known muralist and illustrator.

Inspiration for the painting came from Mr. Dohanos' personal experience, for by the light of knowledge spread by tuberculosis education he was guided back to health and a normal happy life.

Money raised through the sale of Christmas seals is used to find hidden cases of tuberculosis, teach adults and children the facts they need to know about the disease, and promote research in the tuberculosis field.

Appoint New

(Continued from First Page)
expresses its appreciation to Mrs. Hill for her years of untiring service as chairman of the Palm Springs branch of our association," said Button. She has been an outstanding chairman and has done an outstanding piece of work. We welcome Mrs. Libott as our new Palm Springs representative and know that she will continue the excellent work being done in the popular desert center.

A chest clinic, sponsored by the tuberculosis association, is scheduled for Palm Springs on December 6. Dr. F. M. Pottenger, well known Los Angeles chest specialist, will conduct the clinic. Mrs. Madge Holderman, new county health department nurse in Palm Springs, and Mrs. Libott will be in charge.

Food Handlers

(Continued from First Page)
man consumption and utensils used in preparation and service of food are advised to see their physician immediately, have the necessary examination made and submit their application to the health inspector at the city offices.

Physicians Have Forms

Most physicians in Palm Springs already have the application forms, it is stated and if not, these may be obtained at the city offices. The only cost involved is the physician's examination fee. No application filing fee is to be charged.

Section 18 of Ordinance No. 29 of the city of Palm Springs, states that "... each person, who may be engaged in or intends to engage in an occupation in which a health certificate is required (handlers of food, liquids or other materials intended for human consumption, dishwashers, etc.) shall before he begins such work file with the health officer an application for a certificate of health. Such application may be accompanied by a statement under the signature of a physician ... showing the result of the complete physical examination of such person. ..."

Hundred Handsome

(Continued from First Page)
Creek and into the fascinating mountain, valley and desert country around Morongo, the Pipes and Joshua Tree Forest.

Jack Boyer is in charge of the kitchen this year and Trav Rogers is in charge of the camps.

While the Vaqueros really put in some pretty good days of riding they never lack the requisites of civilization on their trips. They have about everything in the way of food, from beans to caviar, of beverages from beer to champagne. There will be no lack of superb entertainment either. For besides the professional talent such as Maldo the Magician, chaps like Frank Morgan, Jackie Cooper, Bill Gargan, Robert Taylor, Lewis Stone and Paul Kelley are going along.

The horseback trek will conclude with a big welcome-home affair at Rogers Ranch on Sunday about noon.

Pay Telephone Bills before the 30th and receive discount.

Jacksons Buy Home, Take 3-Months Trip, Open Beauty Shop

Mr. and Mrs. Robert A. Jackson, owners of El Paseo Beauty and Body Salon, returned to the desert early this fall and are now located in their charming new home in the Racquet Club Colony. Their new home, the former De Koch place at 247 Racquet Club Road, was purchased earlier this fall.

This week the Jacksons announced the opening for the third season of their beauty and body salon in the El Paseo Building. Mrs. Jackson manages the beauty culture business, while her husband plans to enter the real estate field in Palm Springs this season. He has been with Clark & Masperio, prominent realtors of Long Beach, for 12 years.

During this past summer the Jacksons enjoyed a three-months auto trip East. Highlights of their vacation were the Conn-Louis fight in New York, Washington, D. C., Niagara Falls, a short jaunt into Canada, and a visit to Mexico. Other important phases of the trip were the new car they picked up at Flint, Michigan, and the fine fishing they enjoyed on many large lakes in Wisconsin and Michigan.

Improve Shop

According to Mrs. Jackson, many new features have been added to her beauty shop for this season. Most drastic of these is the change from tin foil pads for permanent waving to the newer and more satisfactory paper and parchment pads, affording the modern operator the chance to use more oil and to regulate the steaming time, thereby assuring a better wave.

Managing the beauty department this season will be Miss Frankie Sellers, formerly of Miami Beach, Florida. Assisting her will be Irene Donaghe, formerly of Long Beach. Miss Sellers is unusually proficient in administering electric facials, which have become so popular in all the Eastern resorts. A new electric facial department has been added at their shop.

This season the body salon will be under the able management of Miss Winifred Keller, who comes from Long Beach. A nurse, she has had many years experience in some of the finest sanitariums of California.

Added to the equipment of the body salon this year were a new model Dierker colonic machine and a complete exercise department, including a stretching table and four electric reducing machines, which are said to give relief to sufferers from arthritis, rheumatism, colitis and other conditions caused by poor circulation.

Miss Keller will be assisted in the body salon by Miss Davidson, who recently arrived in Palm Springs from famed Excelsior Springs. She specializes in body work of all kinds, particularly in reducing and body building.

Business People Warned About Closing Doors

From the police department came word this week that local business people might be wise to pay more attention to closing doors and windows when they leave their establishments at night. Officers on their rounds recently have found many doors and windows wide open, just inviting someone to come in and do a little light-fingered work. Thus far no thefts of such nature have been reported. But such luck can't continue forever, the police lads say.

Shepards Visit Over Weekend

Mr. and Mrs. Kelvin Shepard of Santa Monica were house guests last weekend of Palm Springs relatives, Mr. and Mrs. Roy Medby. Shepard is with the Douglas Aircraft company at Santa Monica.

ARABY STABLES HIRES POPULAR STABLEMAN

Guy Lyman, well known trainer and stable man in Palm Springs for many years, will be associated with Betty Billington's Araby Stables this season, it was announced this week.

Lyman, considered a very capable handler of horses, has worked for various local stables during his years in the village.

VILLAGE

200 N. Palm Canyon Dr.

State Guard

(Continued from First Page)

Junius Pierce, commanding officer of the fifth regiment, officially muster the local men into the service of the California State Guard.

Attired in their smart new uniforms, the local guardsmen paraded for the Colonel and grandstand spectators. With the three local platoons marching in smart military fashion, the demonstration Monday night included all the frills... band music, a color guard from India and a bugler. It was easy to see the boys were very serious about their training.

Important Organization

The California State Guard is a bonafide and very important military organization, and is the only body of troops at the command of the Governor of this state. Since the California National Guard was called into active service with the U. S. Army, the State Guard is the only body of troops available to serve in time of invasion, flood, earthquake, conflagration, riots or other emergencies too great in magnitude to be handled by regular local authorities of the state.

To carry on their work, the local guard company needs funds. Each guardsman buys his uniform and sacrifices from two to six hours a week of his time, the state furnishes the army rifles and ammunition, but there are other expenses. It is to raise money to meet these other necessary expenses that the local guard company stages dances.

Every resident of Palm Springs is urged to buy one or more tickets to the dance to be held on October 18, whether he can attend or not. The entire proceeds from the sale of the tickets will go to help maintain the guard.

Several villagers have made contributions of five dollars or more to further the cause. These gifts are of great help. Other persons wishing to contribute five or ten dollars or more to assist in the building up of a crack company in Palm Springs can send checks to Commander Harold N. Lienau, C. V. Knupp, Ellis Holcomb, Jerry Sanborn at the city hall, or to City Councilman Ray Sorum, who is chairman of the citizens' committee which backs the local guard company.

Farmers Asked to Increase Production

Need for increased production of many farm commodities, principally dairy products, poultry products and pork, was stressed today by H. L. Roberts, chairman of the Riverside County USDA Defense Board, upon his return from a two-day meeting of California farm leaders recently held in Berkeley, at which county production goals were established in the United States Department of Agriculture's "Food-for-Freedom" campaign.

A big increase is desired in home gardens. A small increase is desired in oats, barley and alfalfa. An appreciable increase in flax acreage is desired in this state. A six percent increase in vegetables for home consumption and two percent increase for processing has been set as a goal for California.

Under the program, decreases are provided for in the production of wheat. The 1942 requested planting is 16,433 acres which represents the acreage allotment for Riverside county. This is a drastic reduction when compared with the 21,131 acres planted in 1941.

Potato acreage should remain about the same at 3000 to 3500 acres.

No reduction beyond that of 1941 is desired in cotton acreage. This year's cotton planting amounted to 6,755.7 acres for the county. The cotton allotment for the county is 12,140 acres, both for 1942 and 1941, making the planted acreage this year considerably under the allotment granted. This is one program in the county where the growers have cooperated 100 percent in meeting their quota of production as suggested by the government.

Arriving recently to spend the winter in Palm Springs was Mrs. Alice J. Hancock of Long Beach, accompanied by her nurse, Mrs. Trimbell. They will be at the home of Mrs. Hancock's daughter, Mrs. Elizabeth Cameron of Casa Aldea.

Hostelries Prepare for New Season By Making Extensive Improvements; Adding Many Notable Facilities

On a greater scale than in many years, hotels and apartments of Palm Springs have gone to painstaking effort and expense to prepare for early reception of guests from throughout the country and foreign lands. This great improvement program has been done much earlier than usual.

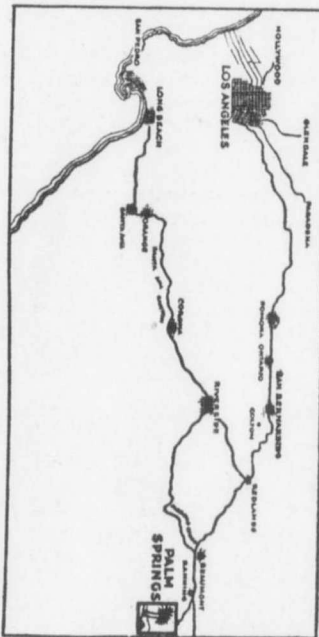

Generally speaking the hostelries have brightened up exteriors and interiors. Many have been enlarged and remodeled. Many have spent thousands of dollars on redecoration and refurbishing.

For years Palm Springs has been famous for the choice accommodations it offered winter guests. This year, from all indications, it will be better able to receive and entertain these visitors than ever before. And the town expects a larger number than in previous years. So many places which wealthy travelers formerly sought in winter months no longer are open, or are unsafe for tourists. Then, too, the fame of Palm Springs as a perfect winter resort has greatly increased.

Perfect Winter Resort

Experienced travelers know that Palm Springs has a perfect climate, magnificent scenery and unexcelled sports and recreation facilities to offer them. They also have become increasingly aware that this desert resort has every type of accommodation to offer and at prices to meet most anyone's pocketbook.

Already open and receiving guests are such well known hostelries as the Town House, Palm Springs Hotel, Vaughan Arms Apartments, Goff's El Morocco, Sunshine Court, Los Arboles Apartments, Sequoia Bungalows, Plaza Bungalows, Estrella Villas, El Dorado Hotel and Plaza Lodge.

Cathedral City

While things military keep edging in our quiet little communities, there are other federal activities that seem to bring us nearer to our government agencies. An unexpected contact was established a short time ago when I. L. Milligan and Cecil Sturtevant of this village were looking for deer trails near Nightingale Camp in the Santa Rosas and noticed what they thought was a red flag marker of a survey party. On inspection they found it to be a red silk parachute caught in a tree. Fragments of a rubber meteorological balloon were near on the ground. Attached to the parachute was a corrugated box, covered with aluminum foil and containing an automatic wireless recording device with its records. The equipment has been sent to the Navy Department, as instructed on a label, and Mr. Milligan will receive the Navy's thanks, reimbursement for his shipping charges, and a government check. Ike said the find was so interesting that he forgot about deer trails. In fact, we imagine that it almost upset his new business venture of absorbing the interests of Frank Yoder, with whom he has been associated for several years. All activities which they previously shared are now owned by Mr. Milligan.

This seems to be a year of changes, and among others is the recently announced partnership of A. V. Linkletter and W. L. Jordan in the real estate business. A sign on the former Linkletter store indicates their office will be in that building next to the barber shop now operated by Chet Mero. With one of our real estate brokers running for Congress, it will mean that home owners will not suffer because of lack of adequate real estate office service in the village.

We have felt our community was fortunate in having as a resident Dr. E. H. Brandt, an M. D., though not practicing. A step nearer to self sufficiency in the village is the announcement that Dr. B. J. Holland, a chiropractor who at one time practiced in Palm Springs, is returning to the desert and will have his office in the Twist building directly across the highway from the postoffice.

Wm. M. Briggs of Ashland, Oregon, who spent part of last winter in our village, will again enjoy our desert and has taken the W. K. Adolph cottage.

Mr. and Mrs. H. E. Peterson, accompanied by their uncle, Albert Maurer, left last week for

Kelso, Washington. Mr. Maurer, who was formerly postmaster there, had to make a business trip to his old home town, and the Petersons decided on a bit of vacation after a strenuous summer on their Desert Cove ranch.

Mr. and Mrs. Leslie Pratt are back in the village for an indefinite stay.

Mr. and Mrs. C. A. Juhnke are back for the winter.

Mrs. Anna P. Reilly, after the summer on the coast, is occupying her attractive home on Glenn Avenue.

Mr. and Mrs. Wood A. Shelby, who have spent varying periods here in the past, are in the A. B. Craig cottage. The Shelys have courts in San Bernardino and a ranch and store in Escondido.

A letter was received by us this week from First Lieut. Ernest W. Sparks, U.S.M.C.R. Zip, goes time. It seems such a little while ago that he was a small kid here and was going to school in Palm Springs.

Mr. and Mrs. Charles S. Paine of Imperial Beach are occupying the cottage of Captain and Mrs. George A. True.

What we thought was a cycle brigade invading Cathedral City in the early morning hours of a recent day, turned out to be a large number of boys on wheels, taking a constitutional under the guidance of Director of Recreation Taylor. We understand they parked their bikes in Cathedral Canyon and went on by foot up the trail to the lost mine.

Many have no doubt wondered why no mention is being made of the improvements under way by E. J. Wheeler. Please be patient children, the story will be spread before long.

The sale of defense stamps at the postoffice is most gratifying, according to Mrs. Edna Cobb. More people should be filling stamp books, however.

Arner Makes First Campaign Speech

Samuel D. Arner, Democratic candidate for Congress in the 22nd District, made his first campaign speech last Monday evening when he was invited to speak impromptu at a banquet held at the Highland Springs Resort Hotel, before a large group of committeemen and leaders of the Democratic party from the district.

Among other things, Arner said, "I am more interested in the moral regeneration of our nation than I am the solution of some of its more material aspects. These material aspects very often take care of themselves when the moral concepts are regarded. If the world had more Christian statesmen it might not be in the chaotic mess it is in today. National selfishness, operating at the expense of the rights of other peoples, always leads to strife."

Research Scientist Takes Home at Cathedral City

Dr. Overton Luhr, research scientist for the General Electric Company at Schenectady, New York, and formerly professor of electrical engineering in Union College there, has joined the technical staff of Clark Laboratories.

Dr. and Mrs. Luhr have taken

a home in Cathedral City for the season.

The Clark Laboratories produce electron tube industrial equipment and are under contract with the War Department.

Open Realty Office In Linkletter Bldg.

Two well known villagers have this week opened a realty office in the Linkletter building west of the Standard Oil station; they are W. L. Jordan and A. V. Linkletter.

Mr. and Mrs. Jordan returned to Cathedral City last week from Balboa where Jordan has been associated with Jordan, Twist and Parker, realtors, since 1925. This is his fourth season in Cathedral City, having been in business in Palm Springs for three years previous to coming here. They are owners of the Desert Villa Apartments here.

Mr. and Mrs. Linkletter have been in business here for the past several seasons.

Palm Springs Has . .

(Continued from First Page) price on them is the lowest it has been in the past three or four years. We are amply supplied with nails and other building necessities.

"In fact, so far as I can see we have enough of everything to take care of a reasonable amount of building through the season."

Newton S. Hotchkiss, manager of the Dill Lumber Company, had a report equally if not more encouraging.

Says No Shortage Here

"We have been able to get anything required for any particular job in Palm Springs," he declared. "There is no question, however, but that the talk in the metropolitan papers has been affecting our business a great deal. But we really have no shortage to amount to anything here. All the materials we need are available to us although we have to obtain them in small quantities. Of course where big projects are concerned, such as construction of 150 houses at a time or anything of that sort, the question of obtaining sufficient materials undoubtedly is serious in the metropolitan area."

"We have had all the reinforcing steels we have needed and anticipate no difficulty in getting more. Virtually all supplies we have asked for have been almost immediately available."

Reports Large Demand

That there is large demand for local building was the report of Charles Burket, city building inspector. He reported that while all building materials are slow in getting here there has been no difficulty in obtaining any of them. The only thing hard to get has been steel products such as stucco netting. The plumbers are having a little trouble getting cast-iron pipe.

He said further, "Thus far we have had to use no substitutes and there has been no stop of construction. We do not look for a normal building program this year because of the difficulty of setting some materials. But there is no reason why building cannot continue. Certainly we can use wood exteriors if we can't get stucco."

Architect F. Lea McPike declared he had been assured by building supply concerns that they have enough supplies on hand to take care of normal building needs for the season.

Preston Faces Stiff Penalty on Second D. W. I. Offense

Because he has a previous conviction of driving while intoxicated and another for reckless driving against him, Tom Preston, local truck driver, faces a severe penalty when he comes before City Judge Guy Pinney today.

Preston was arrested by Police Officer Lee Smith last Sunday for driving along the main thoroughfare downtown in hazardous fashion. The truck driver pleaded guilty to the drunk driving charge when he appeared before Judge Pinney, Tuesday. Chief Lyle Sanard checked over police records and found information of previous convictions against the man.

Opening Party At Racquet Club Saturday Night

While officially the Racquet Club's always zestful season starts out Saturday afternoon with the smart luncheon and Annual Showing of Advanced Fashions, the less informal season launching takes place for the club members and their guests Saturday night when the opening party for the eighth season takes place.

Charlie Farrell has obtained Jack Brooks' top orchestra for the occasion. Brooks' gang played at the club all last season and were so good that they've spent the summer making records and going high places in the musical world. Charlie is bending all kinds of efforts to get the lads here for the entire season and feels hopeful that the thing may yet be arranged.

Prominents Back Again

Meanwhile the past week started things out for the Racquet Clubbers in an interesting way. Much seen about the place were lovely young Gloria Vanderbilt and her mother, both of whom stayed with the Farrells as their house guests last week and who plan to come down again for the fashion showing.

Then there were Pat Di Cicco, Don Ameche, the Charles Morrisons, Edwin Earls, Ben Oaklands, Lloyd Pantages and many others, giving the club something of a pre-season viewing and playing about.

Mondays and Wednesdays, 10-12 a. m., 1-5 p. m., 7-9 p. m.
Tuesdays, Thursdays, Fridays, Saturdays, 10-12 a. m., 1-5 p. m.

Girl Hurt When Struck by Auto

Hit by an automobile as she crossed the street at Andreas Road and Palm Canyon Drive, Miss Margaret Moore, 23 years of age, 171 South Normandie street, Los Angeles, was cut and bruised Sunday afternoon. According to police reports she was struck by an automobile driven by Jerry Tracy of 1780 North Palm Canyon Drive.

At the Reid hospital where she was taken it was stated she had suffered a severe scalp wound, cuts on the right wrist and hand, sustained considerable loss of blood and shock. After treatment by Dr. Reid she was taken home by friends.

Social Activities at Community Church

Following the Regional Conference of Church Workers at the Community church last Friday the visitors and local people enjoyed a social half hour. Refreshments were served.

The first meeting of the Community Circle was held last Tuesday afternoon at the church. Mrs. L. C. Hooker is president. A fine attendance marked the opening meeting. The next gathering will be at "The Squirrels Nest," the summer home of Dr. and Mrs. Macartney at Forest Home.

The after-vacation social will take place Tuesday evening, November 4, it was announced this week. The young people's societies are planning to have Halloween parties the weekend of the 31st.

Hutton Manager Is Early Arrival

Palm Springs residents for many seasons, Mr. and Mrs. W. R. Jackson arrived the first of the week to spend a month or so enjoying the sun before Jackson reopens the Palm Springs office of E. F. Hutton and Company of which he is manager. The brokerage concern's offices are on the Desert Inn grounds.

PARTY FOR ARMY SELECTEE

Honoring Bennie Ward who leaves soon to join the Army, Mrs. Dave Ward and Mrs. Tony Biavaschi entertained with a chicken dinner Tuesday at the Ward home. Guests included Mr. and Mrs. Dave Ward, Bennie Ward, Laura Mae Riley, Dora Heaton and Mr. and Mrs. Tony Biavaschi.

SPORTS

Banning Lions Out Roar Palm Springs

By JIMMY GLENDY

Was you there, folks? Well, if you weren't let me tell you that you really missed seeing one of the most interesting and humorous contests of softball ever played on the Field Club diamond. It was the one last Friday night between the roaring Banning Lions and the equally roaring Lions of Palm Springs.

In a contest packed with unbelievable plays and with a track meet thrown in for good measure, baseballs were hit out into the darkness to be lost momentarily, but long enough for many a good old home run to cross the platter. Players ran hither and thither while spectators laughed and giggled at a baseball demonstration of a kind never before witnessed in Palm Springs.

Fine Community Spirit

This and many other features distinguished a full evening of entertainment which was also remarkable for the community spirit it shown. That spirit was contagious. And every player in the game was giving his best for his own and the spectators' satisfaction alike.

As the game progressed the scorekeeper was kept busy tabulating run after run as the Lions streaked around the bases. After some two hours of batted balls, fumbled catches and spectacular plays at times, the roaring Lions of Banning finally edged out the Palm Springs growlers by a score of 28 to 21.

During the festivities a charming lady passed among the folks and donations poured in for the local Lions Club milk fund. The response was more than gratifying.

Cup Is Presented

Big surprise of the evening was the enormous "gold" cup designed and made by Lion John Connell and which was presented to the winning team after the game. Refreshments were served about this time through the courtesy of Gordon Feekings of the Village Sandwich Shop. Word has just reached me that because each team has won a game, on Friday night, October 24, the Lions "Little World Series" will take place at the Field Club with these two teams fighting for the undisputed championship of the Roaring Lions League. Bee Seeing U on this night.

Best Resumes Work Teaching Swimming

Favorite tutor of aquatics in the village, Jack Best returned this past week with his family to start his fifth season as a villager. Best will make his headquarters as usual at the Colonial House but will teach swimming also at the Lone Palm, Palm Springs Hotel, Estrella Villas and various private homes.

During the past summer he carried on his swimming tutorship at the homes of a number of movie producers and stars in Beverly Hills.

CLASSIC LEAGUE BOX SCORE

The Village Sandwich Shop team dropped their first match of the year to the rugged John Wieland team of Riverside on the local alleys last night.

Nels Sappington of the visitors was star of the evening with a top game of 269 and high series of 657. For the local Capt. Blake Beville returned to form with a 573 series and Mel Walker had 558. Following is the box score:

Village Sandwich Shop			
McCutchen	136	154	151-441
Brahme	159	178	148-485
Walker	161	204	193-558
Beville	184	195	194-573
Rose	201	175	171-517
Handicap	36	36	36-108

John Wieland's			
Paul	155	185	144-484
W. Topham	180	180	171-531
B. Topham	137	194	124-455
Sappington	209	269	179-657
Nagy	158	159	183-500
Handicap	40	40	40-120

879 942 893 2712
879 1027 841 2747

No one knows just why the cotton moth leaves its warm home in the south and goes north to meet the winter, there to end its days. Although they breed only in tropical climes, they have been found as far north as Canada.

City Recreation Department News

WOOD SHOP OFFERED

Believing that a wood shop class for men and women might be in demand, the city recreation department is attempting to organize such a group to meet one night a week and obtain instruction from an accredited teacher. Persons interested in such a class are asked to get in touch with Dick Taylor, city recreation director at the city hall or phone him at 933.

TAKES BRIDGE HONORS

For the third time in five weeks, Mrs. Sylvia McHenry was high at the community bridge affair Tuesday night. It was her second consecutive winning of the honors. The group will meet at the city council chambers next Tuesday evening at 7:30 o'clock. Change of place is necessitated by the fact the public library is no longer available. Mrs. McHenry is serving refreshments next week to the group.

BIKER HIKERS

The Biker Hikers will meet Saturday morning at 6 o'clock at the Gilmore station on South Palm Canyon Drive and travel to Palm Canyon. Twenty-six youngsters made the trip last week.

Sports Highlights

By DICK MCGONAGLE

Calipatria's Hornets apparently lost their sting last Friday afternoon, when the Palm Springs Indians rambled over them to the tune of 13 to 0, before a capacity crowd in the Indians' first home game of the year.

The first quarter ended with a spectacular 85-yard run around end by Tommy Haynes, which put the ball on the Hornet's 6. After the teams changed sides the Indians twice failed to gain into the line, then Haynes passed to Norval Scriven for the touchdown. Sid Sanard booted the extra point.

The Indians insured their lead in the final quarter when Tommy Haynes again tossed a pass into the end zone, this time to Manuel Chavez, who was encircled by three Hornets. He showed his ability as a pass receiver by leaping high in the air to make the catch.

Gains by Passes

Calipatria relied on a 7-2-2 defense throughout the game, and succeeded almost without exception in stopping every running play inside the ends in the first half. Later in the game, however, as the invaders were worn down, the line bucks went to better advantage. Quarterback Bob Guyer noticed that this defense was wide open for passes, so he called Tommy Haynes' number, and time after time his accurate arm ripped off gains with bullet passes to Norval Scriven and Manuel Chavez.

The only Hornet scoring threat came in the second quarter, when a series of line plunges carried the ball to the Indian 18. Coach Glover rushed the starting team in, as the second string was playing at the time, and they held the enemy for downs on the 9.

Play Good Game

Bulwarks in the line were team captain Edison McDaniels, center Bill Foster and Dave Etchason (who replaced Foster). Etchason intercepted a pass and recovered a fumbled punt in the fourth quarter.

The starting line-up follows: L. E. Chavez; L. T. McGonagle; L. G. Levi; C. Foster; R. G. McDaniels; R. T. Sanard; R. E. Scriven; Q. Guyer; L. H. Haynes; R. H. Morgan; F. Lienau.

The traditional Palm Springs-Banning game is being played this afternoon on the Broncos' field. This rivalry has resulted in three victories for the Indians, one for Banning, and a tie. The warriors will be out to get their fourth straight scalp and to avenge defeat they suffered last year. This will also be the first conference encounter of the season. The whistle blows at 2:30 p. m.

To speed up paint jobs in one American airplane factory, endless conveyor chains carry cylinders and crankcase sections past the painters, who remain at the same station.

New reason why people still believe in "Vampires." Arsenic eating, which preserves corpses in life-like semblance, found to be the basis of stories of the "Undead," who sleep all day in their graves and steal out at night for their satanic meals. Read this surprising and scientific explanation of an old myth, in The American Weekly, the magazine distributed with next week's LOS ANGELES EXAMINER. hrs

Bowling Them Over In Palm Springs

News of the Palm Springs Bowling Academy
(By E. KENT ROSE)

PALM SPRINGS SCORES TWICE

The Village Sandwich Shop of Palm Springs scored a decisive 265 pin victory over the Highland Avenue Recreation team of San Bernardino at the local bowling academy, Sunday afternoon. The visitors, although fortified with "Bugs" Justis, member of the Los Angeles Eastside team, were no match for the local team, Palm Springs, paced by "Scotty" McCutchen, with a fine 633, won every game of the match. Scores were as follows: Palm Springs—McCutchen 633, Brahme 582, Walker 571, Beville 492 and Rose 511—Total 2789. San Bernardino—Thompson 497, Humes 505, Phillips 502, Lee 404 and Justis 614—Total 2522.

While this match was going on the Palm Springs Majorettes took the measure of the visiting ladies team of San Bernardino in a very close tussle 2250 to 2227. Scores: Palm Springs—Ola Brahme 481, Doty Cooper 436, Marg Morris 422, Billie Tomlinson 454 and Florine Spellman 457. San Bernardino—Colley 472, Alexander 420, Oxenford 389, Savio 482 and Rimmer 454.

Humes and Lee Win Doubles
Bill Humes and Bob Lee, two visiting San Bernardino bowlers took down top money in the doubles tournament which ended Sunday night. Their score of 1222 topped by five pins the totals set up by Sherm Lewis and Dick Johnston of Hemet who got second money. Third place went to Wilbur Thompson and Bugs Justis with 1205 while Mack McCutchen and Justis took fourth with 1196. A total of \$126.00 was in the prize fund, a very creditable showing for this time of the season. The boys shot long into the night to try and overtake the 1222, a comparatively weak total but were unable to hit at the same time. Top individual totals went to Justis with 667 and McCutchen with 665.

Rosettes... Out of town bowlers participating in last week's tournament included Charlie and Ruth Cutler of Yuma, Arizona, Russ Anderson and Bugs Justis of Los Angeles, Ludie Britsch, Cal Stafford and Jim Baxter of Riverside, Sherm Lewis and Dick Johnston of Hemet, Milo Kirkpatrick and Harry Whaley of

Redlands besides the first place team Bill Humes and Bob Lee and possibly a dozen other bowlers from San Bernardino.

Rosettes to: Jack Hatfield for his fine bowling in the Classic League (currently carrying a nice 197 average); To Banning Nite Spot team in the Major League—every man over 170 average; to Mike Obst of the Armstrong team in the majors for a swell 255 game opening night.

Ladies League to Open Monday

The Palm Springs ladies will open the new season next Monday night. This year the league will consist of six teams as usual. The team averages will be around 700.

Major League Notes

Last year's champions, the Plaza, took top honors in Tuesday night's Major league when they took Valley Laundry to camp 3 to 1. Plaza was very consistent with 922, 932 and 922 to win high series for the evening with 2776. High for this team were Marv Sale with 595, Jack Hatfield 585 and John Miller 583. Earl Hough and his Flying A's turned back the very tough Armstrong Dairy team 3 to 0. Doc Brahme with 589 and Oscar Hammerstein with 553 were high for the A's. Mack McCutchen led the dairy crew with 564. Banning Nite Spot won the other match of the evening, beating Gibbs Drugs 2 to 1. Bob Carper was high for Banning with 536, while Capt. Larry Sitter threw in 520 for the losers.

Takes On Too Big A Load—Juggled

Arrested by Police Sergeant Ludwig Braumoeller a few days ago on a drunk charge was Joseph G. Reese of Desert Hot Springs. Appearing before City Judge Guy Pinney he was fined \$25 of which \$20 was suspended for 90 days.

Village Waffle Shop Will Start Season Tomorrow

A popular place to eat, the Village Waffle Shop operated by George and Ethel in the Pacific Building on North Palm Canyon Drive, starts its second season tomorrow.

In the first year of its operation the Village Waffle Shop has achieved no little fame for its special type of home cooking. Featured are waffles, lunches and dinners. During the summer George and Ethel operated another cafe at Cabazon.

Commercial vehicles in the number of 695,000 worth \$448,324,000 wholesale were manufactured by United States and Canadian factories in the 12 months ending last September.

Do the VITAMINS you buy actually reach your table?

Don't let improper cooking destroy precious vitamins — it's so easy to save them with a CP gas range

OF COURSE YOU KNOW how important vitamins are—how vital they are for "health preparedness." But are you sure that the vitamins you pay for at your grocer's actually reach your table?

HERE'S THE EASY WAY to save these important food elements. Use the accurately controlled cooking of a CP (for Certified Performance) gas range.

AUTHORITIES SAY, for example, that it is of first importance to use as little water as possible in cooking vegetables. For this "waterless" method, a CP gas range offers you instantly the exact heat you need. Turned to simmer setting, the clear blue beads of flame do their work without boiling away vitamins.

AND THAT'S ONLY ONE of the numerous ways that you can save vitamins with a CP gas range. Get full information from a dealer or your gas company.

SOUTHERN CALIFORNIA GAS COMPANY

EVERYTHING YOU'VE WANTED IN COOKING you'll find in a CP (for Certified Performance) gas range. It's tops for vitamin-saving, waterless cooking and brings you new leisure, new economy, new cleanliness in cooking, too. Top burners are fast, give any desired heat instantly. Ovens light automatically, have accurate heat control. Broilers are completely smokeless. The entire range is as easy to keep clean as china—and costs, on the average, 1/3 less to operate than the next-best cooking method.

FOR HEALTH PREPAREDNESS Save Vitamins WITH A CP GAS RANGE

WHAT EVERY WOMAN SHOULD KNOW ABOUT VITAMIN-SAVING

- 1 Use very little water in cooking.
- 2 Cook vegetables for the shortest possible time.
- 3 Cover utensils to keep air out.
- 4 Avoid unnecessary stirring of vegetables.
- 5 Don't put in baking soda to brighten food colors.
- 6 Start vegetables in boiling water.
- 7 Don't throw away vegetable liquids—use them in soups or cream sauces.
- 8 Keep foods as fresh as possible—use dependable automatic refrigeration.
- 9 Serve plenty of green vegetables.
- 10 Serve foods soon after cooking.
- 11 Broiling is preferable to frying to retain vitamins.
- 12 Low-temperature roasting saves vitamins and minerals.

Mrs. Pearce Dies In San Francisco

Winter resident here for several years, Mrs. Myrtle Pearce, mother of Al, Cal and Edna Pearce, died in San Francisco Wednesday night. The unhappy news of her passing was received by telegram yesterday by Zaddie Bunker, a close friend of the family. Mrs. Pearce has been ill in San Francisco for some time.

Visit Here for Fashion Showing

Coming here for the weekend particularly for the fashion showing at the Racquet Club and to be guests of Dr. and Mrs. Henry S. Reid are Mr. and Mrs. Harry Reid, Jr., Mrs. Julius Schwartz of Estes Park, Mrs. Helen Bradbury of Hollywood and Boulder, Colorado. With Mrs. Reid the visitors will be part of Mrs. George Reif's large party at the fashion affair.

Pass Resolution In Memoriam to Late Judge Hoffman

At their initial meeting of the season, members of the Palm Springs Toastmasters' Club Tuesday night passed a resolution in tribute to the memory of the late Judge Albert R. Hoffman, who passed away last summer of a heart attack. The club's dinner session was at the Village Coffee Shop.

In the resolution the club members expressed deepest regret over the sad misfortune of losing Judge Hoffman, who was one of the founders of the club and "one of its greatest inspirational leaders." The Toastmasters also extended deep and sincere sympathy to the widow and family of the deceased.

Dr. Henry S. Reid, president, presided over the meeting. Included on the evening's program were entertainment and speeches.

Dr. Reid has been invited to attend and be one of the speakers at the general Southern California meeting of the Toastmasters October 25 at the Hilton Hotel in Long Beach. He will represent the local group at this meeting.

Gay Time . .

(Continued from First Page) party. It will be a gala dance with floor show. Modern and old time dances will have their place on the evening's program with tall, drawly Tex Hall back again to do the musical chores.

The floor show will have outstanding features. There will be Tricie McCormick, famous trick and fancy roping expert who went with the National Horse Show to Sydney, Australia. There will also be Judy Hall, national champion girl yodeler, who also does modern and western songs in charming manner. Featured too, will be the Three Rhythm Dots, an excellent entertainment trio.

Tex Hall, who was here for one dance at Rogers' last season, and that a most successful one, will be at the Ranch the entire season, according to plans. He recently returned from a successful tour of eastern theatres during the summer. He has gone to no inconsiderable expense to bring these entertainment top-notchers here for this party and for the one to be given at the Ranch Tuesday night in honor of the departing Vaqueros.

PIANIST COMPOSER

Felix DeCola, well-known pianist composer, will be one of the two top entertainers to take over the spotlight when the Colonial House opens its smart new Crest Room tomorrow (Saturday). Featured with him will be Arthur Herbert, long a favorite of New York "cafe society."

Leslie Charteris Gains Step in Try For Citizenship by Special Bill

Rather an important personality in Palm Springs for a half dozen seasons, Leslie Charteris, writer and scenarist, is making progress in his battle for citizenship for himself and his daughter, it was disclosed last week. Charteris, seen much about the town season after season, purchased himself a ranch near Hemet last year and has not figured quite as prominently in the local picture as formerly.

Distinctly interesting is the story printed in the Los Angeles Times of Saturday morning which discloses that the writer is the son of Dr. Yen, famous Chinese surgeon, and an English mother, and that Charteris' real name is Leslie Charles Bowyer Lin.

Story Is Interesting

The Times article is as follows: Citizenship was a step nearer for Leslie Charteris, author and scenarist, and his daughter with the passing yesterday in the House of a special bill intended to untangle a maze of circumstances which would split his family under immigration laws.

Representative Charles Kramer of Los Angeles introduced the bill, which now awaits Senate action, and which, if acted on favorably, will keep the family intact in this country.

British Subject

Because of his Chinese racial strain, Charteris is ineligible to citizenship and his daughter, Patricia Ann, cannot become a citizen either on account of illness. The Kramer bill untangles all these problems for Charteris and his daughter.

The author's real name is Leslie Charles Bowyer Lin and he is a British subject. His father is Dr. Yen, internationally famous surgeon who practices in the Philippines and was educated at the Toronto University. His mother is English and his wife is an American citizen.

Educated in England, the writer took the name Leslie Charteris when he started writing "The Saint" series of detective stories.

His fiction caught on immediately and he became a wealthy man through his writings.

Forming Company

He and his family entered this country in 1939, as visitors and later RKO-Radio Pictures began to produce "The Saint" stories. Now, however, Charteris is forming a company of his own to make films.

Yesterday he revealed that he had given permission to a Royal Air Force squadron to use his trademark, a saint with a halo, as the insignia for their planes.

Before the war, a Saint Club was organized in London as a book club but since then the 100,000 members now contribute 60 cents per month each, which goes for the maintenance of a children's hospital outside London.

Since he has been in this country Charteris has purchased a home in Palm Springs, a place at the beach where he writes and a ranch at Hemet. He maintains an apartment in Hollywood, where yesterday he awaited word of the action of the Senate on the Kramer bill.

Chamber Directors

(Continued from First Page)

Indio-Mecca area appeared before the directors at their breakfast meeting at the Palm Springs Hotel to request that Palm Springs bear half the \$1400 total cost or \$700. It was decided, however, that all the village could spare for the purpose was \$400. Appearing here in behalf of the project were Dr. C. S. Johnson, Mecca, president of the Palm Springs-Coachella Valley Motorboat Racing Association; George Ames, Mecca, manager of the regatta, and Mr. Sedwell of the Sun Gold Date concern.

Ten world's records were broken by motorboat speedsters at last year's races on the Salton Sea. Eight of them still stand. The races have attracted nation-wide attention and great publicity for Palm Springs and the entire Coachella Valley.

The chamber directors also voted \$150 to aid in staging the fashion showing at the Racquet Club this weekend.

Holy Smokes!

WE'RE OPEN and the boat hasn't docked yet with dozens of those fine tennis jerseys we are having made up in England.

Anyhow — WE'RE OPEN

Building Permit . .

(Continued from First Page)

defendants, were in City Judge Guy Pinney's court yesterday with their legal representative, Attorney Richardson of Riverside. The other two defendants were not there and no action was taken in their cases.

Set For Trial

Because of the decision of the superior court in denying the writ of prohibition has become final, Judge Pinney explained, the local court is now permitted to proceed. At request of Attorney Richardson the cases of Dr. Walkerdine and McGhee were set for October 30.

First of the cases to be tried locally was that of Al Jennings, owner of a beauty shop building located on reservation land on the east side of Indian avenue. Jennings was found guilty last week by Judge Pinney and appeared Tuesday for sentence. He was fined \$25, of which \$10 became payable today. The other \$15 was suspended on condition he shall apply for a building permit to be retroactive to the time when construction of the addition to his building was begun, and also a certificate of occupancy in accordance with the building code of the city.

Are Also Convicted

On Wednesday of this week McGhee and Tracy Griffing, charged with working on the building for Jennings without a building permit having been obtained, were found guilty by a jury and came before Judge Pinney for sentence Thursday morning. Each was fined \$25. The men appeared as their own counsel. City Attorney Roy Colegate handled the city's case.

On Thursday also McGhee and Griffing came to trial for still another time. Both were tried without jury and convicted of working on a building allegedly owned by Mrs. May at 404 North Indian avenue. Each was fined \$10.

Important Point

It was during this latter case that Judge Pinney established a most important legal point. It was contended by the defense that the work actually was not being done for Mrs. May but for a member of the local Indian tribe and that therefore the workmen should not be liable to prosecution.

However, Judge Pinney ruled that whether or not Mrs. May or an Indian owner were having the work done the issue was whether a building was being constructed in the city in violation of the ordinance by failure to get a permit and did these defendants participate in such building. He decided that they had and therefore fined them the small amount.

Building Permits

Oct. 9—Tahquitz Vista Apartments, \$100, 418 South Palm Canyon Drive, alterations.

Oct. 10—Desert Grill, \$500, N. Palm Canyon Drive, remodel interior cafe, building platform for entertainers, etc., Harry Rocks, contractor.

Oct. 13—Estate of Nora O'Sullivan, \$225, 447 North Palm Canyon Drive, replace roof, P. M. Swart, contractor.

Oct. 14—J. F. Lloyd, \$1,000, North Palm Canyon Drive, Palm Springs Estates No. 3, addition to home.

Oct. 15—J. H. McCracken, \$800, 1108 El Alameda, add garage and store room.

Oct. 15—Frank W. Camp, \$900, 1063 El Alameda, garage and sun-deck, Harry Rocks, contractor.

Oct. 15—Mrs. O. W. Haywood, \$400, 480 Via Del Sol, addition, Harry Rocks, contractor.

ALTADENANS VISIT OLD FRIENDS THE FRANK SHANNONS

Guests at Frank Shannon's Vaughan Arms Thursday of this week were Mr. and Mrs. A. O. Schramm of Altadena.

The Schramms, long-time friends of Mr. and Mrs. Shannon, were guests at Vaughan Arms the first year it opened. They have been coming here every year since, visiting the village several times each season.

Council Agrees . .

(Continued from First Page)

pared and bids soon will be called for. It is expected that the preliminary work will require from thirty to sixty days longer and that actual construction will take about 90 days, thus bringing completion of the new airport to between four and five months from now.

At this same council meeting, award was made of insurance contracts for city equipment to Alvin Weingarten as agent for the General Casualty and Insurance company of Seattle. This is fleet insurance for a period of a year and includes fire, theft and comprehensive.

Adjourning until six o'clock Wednesday night, the council met at that time and considered several matters. Application of the Desert Inn to conduct its usual dinner dances once weekly, beginning November 1, was granted.

Acting Mayor

Councilman Ray Solum was appointed mayor pro tempore to act in the absence of Mayor Philip Boyd who leaves Saturday with Mrs. Boyd on a business and pleasure trip East. They expect to return about November 10.

The council appointed Mrs. Lilla C. West as new bookkeeper of the waste disposal department to replace Miss Maida Harndon, who is leaving the department November 1. Mrs. West's appointment becomes effective October 27.

There was a brief, informal discussion concerning the bill now in the Senate providing for the sale of Indian lands.

Auto Accident . .

(Continued from First Page)

body was taken to the Wiefels undertaking establishment in Banning at the order of Coroner Ben White.

Miss Courtin was less seriously injured, suffering a neck hurt and lacerations. At request of relatives she later was taken to the Loma Linda Hospital.

LEGIONNAIRES AID NAVY ENLISTMENT

Support will be given by American Legion Post No. 519 of Palm Springs to the program of naval recruiting during the next two weeks as a part of a national effort to enlist personnel for 40 new ship's companies prior to Navy Day, October 27.
